

Native login for alumni

After you graduate, you can no longer log in to Naviance Student using single sign-on (SSO). Instead, you must log in natively with a username and password. Because your school email may no longer be active after graduation, you must also add a personal email address in Naviance Student.

- Set up your native login credentials before graduation.
- Change your email address after graduation or a date provided by your school or district.

Set up your native login credentials

1. From the Naviance Student login page, select **Student**.
2. Click **Forgot your password?**

Welcome Student!

Login to Naviance

Email or username

[I'm new and need to register!](#)

3. Enter an email address. This must be the same email address listed in your Naviance account. Naviance sends an email to that address, which includes your username and temporary password.
4. Retrieve the email and follow the instructions to log in to Naviance Student with the username and temporary password.
5. Follow the prompts to set up a permanent password.
6. Make note of your username and password so you don't forget it. You can continue to log in using SSO until graduation.

Login natively as an alumni

1. From the Naviance Student login page, select **Alumni**.

2. Enter your username and password.
3. Click **Continue**.

Update your email address

1. From Naviance Student, select **About Me**, and then choose **My Account**.
2. From the Contact card, click **Edit**.
3. Enter a personal email address.
4. Click **Save**.
