Overview

Use Course Planner features to take ownership of your middle school or high school course planning and be well-positioned for future career success.

- Search for courses you want to take.
- Build and manage course plans to ensure you meet graduation requirements.
- Plan to take courses that align with your career interests.

Explore the course catalog

Review the course catalog to learn more about courses offered at your school, such as course corequisites, prerequisites, and more.

Select **Courses**, then choose **Explore course catalog**.

- Lookup courses by:
 - School
 - Subject area
 - Grade level
- Select the course name to display course details.

Manage course plans

Use course plans to keep track of meeting graduation requirements and taking courses that align with your career interest.

Create a course plan

1. Select **Courses**, and then select **Manage course plans**.
2. Click **Create plan**.
3. If available, choose an option from the **School** list.
4. Select a course plan.
5. Select **Create a new plan**. Alternatively, select **Copy courses from an existing plan** to add your course selections from an existing course plan to the new plan.

Create new course plan

Select the plan you want to build. You can create multiple plans to compare different options offered by your school.

School
Select school to choose from their available course plans.
